All envelopes containing the tenders shall be properly sealed. The Tender is to be submitted in two parts viz. Part – I and Part – II in separate sealed envelope super scribed by Part –I and Part –II. **The Envelope- I containing Part-I & Envelope- II containing Part-II should be inside one outer cover.** The outer cover shall bear the address of the purchaser and full Name and address of the bidder shall be written at the bottom left corner.

**The Tender should be submitted in two parts in two Envelope system and shall be in one outer cover.** The first envelope i.e., **Part - I** of the tender document shall contain credentials (duly authenticated by the bidder) in support of his qualification in accordance with Eligibility criteria along with the Earnest Money Receipt/ Demand Draft (in a separate envelope), then put both the document inside first envelope **Part I**. The second envelope i.e., **Part - II** shall contain dully filled in Price Bid. Then, both the **PART- I (Techno Commercial Bid)** and **PART- II (Price bid)**. Shall be put inside a third **overall envelope** and sealed & secured and submitted.

**Attention: For the parties who will be down loading the Tender Document from web site:**

The Bank Draft towards the Application Fee(s) / cost of tender document and the **Undertaking** of the bidder **shall be submitted in a separate envelop marked “Application fee and the Undertaking”** and not with Part-I/EMD, so that this envelope can be opened first (before PART-I).

**Validity of the offer shall be 180 days from opening of Price Bid / Revised Price Bid (if any).**

The Earnest Money may be deposited in cash at the cash counter of CMPDI, RI- II or in form of Bank Draft drawn in favor of **“CMPDI, Regional Institute, Dhanbad”** from any Nationalized Bank. .

The date and time of opening of Price bid or Part II of the tender shall be communicated over telephone to technically qualified bidders in due course of time after consideration of (first Envelope) Part -I.

No tender shall be considered unless accompanied by the said Earnest Money.

Each page of the tender document should be signed by the tenderer. This will not contain any alternative items or suggestions, comments, or conditions. Late tender / incomplete tenders / telegraph tenders, tenders received through Post/ courier services or tenders received after due date and time of tender submission shall not be accepted. The Earnest Money will be retained in case of successful bidder and refunded to the unsuccessful bidder(s) in due course and it will not carry any interest. The EMD of the successful bidder will be dealt with as provided elsewhere in the tender document.

The rate for the work should be inclusive of all incidentals, overheads, taxes, octroi, duties, leads, lifts, carriage, etc. as required for supply, execution and completion of work. It shall be deemed that the bidder(s) has/have visited the site/ area and got fully acquainted with the working and other prevalent conditions thereof and fluctuations thereto whether he/she/they actually visited the site /area or not, and have taken all the above factors into account while quoting rates. The work to be done in office with minimum disturbance to office activities.

**Evaluation of bid shall be based on total value of the entire job including supplies of materials as specified in schedule of price and not on individual items.**

**All the bidders are requested to be present on the scheduled date and time of opening. However their absence will not stop opening.**

be earthed properly. Earth continuity conductor from main / sub distribution boards to various distribution boards and user points shall be of copper. Earth continuity conductor from main / sub distribution boards to earth electrodes will be of galvanized MS strip.

- q) Entire job of installation shall be done as per the instruction on site by our Engineer-in-charge and is subject to changes felt by the Engineer-in-charge, if required. Payment for any additional work shall be made as per the quoted rate.
- r) Excavating the earth 1.5 M. x 1.5 M. x 3.75 M. depth , inserting of iron earth plate 600 mm x 600 mm x 3 mm thick , with its face vertical and top not less than 3 met. below ground, including accessories, providing masonry enclosure with watering pipe of 2.7 m. long etc , filling the pit with charcoal / coke and salt as required. Providing earth connection from earth electrode with the supplied 6 SWG with nuts and bolts , thimbles etc.
- s) Providing and laying earth connection from earth electrode with 6 SWG dia G.I. wire on surface or in recess for earthing along with existing surface/recessed conduit as required.
- t) Proper work shall be done throughout the installation following IE rules and Indian standard code of practice.
- u) Supply and installation of Light fittings at all the places as directed by the Engineer in charge.
- v) Wiring for all light fittings will be done through 1.5 sq. mm cu cable with proper earthing system

The bidder is to visit the site for estimation of the volume of job and quantity of materials required. Actual quantity (for final payment) shall be finalized after execution of the complete work and measurement to be done jointly by this institute and the party.

### **MAJOR TERMS AND CONDITIONS**

1. Competent authority reserves the right to cancel the tender, postpone the date of receipt and opening the tender or redefine the volume of work without assigning any reason whatsoever or any clarification or notification to the parties. Competent authority reserves the right to reduce the volume of work even after the award of job and payment shall be made according to the actual volume of work executed and as per quoted rate.
2. Competent authority reserves the right to terminate the contract in between, in case the supply of materials and the quality of job being done are not satisfactory within seven days' notice either verbally or in writing. No payment shall be made in that case for part supply or part completion of the job done. Further, all changes done in the existing system shall have to be re-modified to the original condition by the party free of cost.
3. Conditional/ incomplete tenders will not be accepted and shall be out right rejected.
4. Issuance of tender documents does not mean that the parties are considered to be qualified.
5. The experience as given in the eligibility criteria should be in the name & style in which tender is filled. The experience in the name of some other firm / company will not be considered for this purpose

6. No offloading or sub-contracting is permissible. If it is reported or found in any stage after opening the offer or even after issuing the work order, the same shall be treated as violation of contract and shall be cancelled and terminated. The bidder shall closely study all terms and conditions in details, which governs the rates for which he/she/they is/are tendering.
7. The company does not bind itself to accept the lowest tender and reserves the right to reject any or all the tenders without assigning any reason whatsoever and split up the work between two or more tenders or accept the tender in part and not in entirety.
8. The rates, terms and conditions offered shall be valid for a period of 180 days from the date of opening of Price Bid / Revised Price Bid (if any) It is the onus of the contractor to have the liability for any compensation to self and his engaged worker / labour in case of eventuality. CMPDI, RI-II will have no liability in any case and in any manner.
9. If the contractor fails to maintain the required progress in terms of agreed time and progress chart or to complete the work and clear the site on or before the contract or extended date of completion he shall without prejudice to any other right or remedy available under the law to the company on account of such breach, pay as compensation (Liquidated damages) @ half percent (1/2%) of the contract price per week of delay. The aggregate of such Compensation shall not exceed 10 (ten) percent of the value as shown in the contract.
10. The party is to give warranty for all components of the installation work under their scope for six months from the date of completion of entire work. During warranty period the successful bidder is to maintain the entire system properly (including the existing portion) and downtime should not exceed more than 24 hours failing which penalty will be deducted from the security deposit @ half percent (1/2%) of the contract price per week. The engineer / electrician of the party should be available at Dhanbad during the warranty period to attend the system in case of any failure or break down of the system. The party will provide service support for all components of the system under the scope of work and the installation work for the entire warranty period.
11. The job of supply of materials & installation will have to be completed within 21 days from the date of issue of work order.
12. The contractor shall at his own cost arrange for safety provisions stipulated by Government or local authorities or as required by the owner in respect of all labour directly employed for performance of the works and shall provide facilities in connection therewith. The contractor shall provide personal protective equipment and insulated tools to his personnel for carrying out the job. Responsibility of safety of all the persons engaged in the job shall be solely borne by the contractor.
13. No charges of service contract value will be acceptable within the contract period other than Govt. statutory taxes if the statutory taxes are imposed only after the date of issuance of work order.
